AUDITS

PART I: FEDERALLY FUNDED

Recipients of federal funds (i.e. state, local government, or non-profit organizations as defined in OMB Circular A-133, as revised) are to have audits done annually using the following criteria:

1. In the event that the COUNTY expends \$500,000 or more in Federal awards in its fiscal year, the COUNTY must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. Exhibit "F" to this Agreement indicates Federal resources awarded through the Department by this Agreement. In determining the Federal awards expended in its fiscal year, the COUNTY shall consider all sources of Federal awards, including Federal resources received from the Department. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the COUNTY conducted by the Auditor General in accordance with the provisions OMB Circular A-133, as revised, will meet the requirements of this part.

2. In connection with the audit requirements addressed in Part I, paragraph 1, the COUNTY shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.

3. If the COUNTY expends less than \$500,000 in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. However, if the COUNTY elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-Federal resources (i.e., the cost of such an audit must be paid from COUNTY resources obtained from other than Federal entities).

4. Federal awards are to be identified using the Catalog of Federal Domestic Assistance (CFDA) title and number, award number and year, and name of the awarding federal agency.

PART II: STATE FUNDED

Recipients of state funds (i.e. a nonstate entity as defined by Section 215.97(2)(m), Florida Statutes) are to have audits done annually using the following criteria:

1. In the event that the COUNTY expends a total amount of state financial assistance equal to or in excess of \$500,000 in any fiscal year, the COUNTY must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, Florida Statutes; applicable rules of the Department of Financial Services and the CFO; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. Exhibit "F" to this Agreement indicates state financial assistance awarded through the Department by this Agreement. In determining the state financial assistance expended in its fiscal year, the COUNTY shall consider all sources of state financial assistance, including state financial assistance received from the Department, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.

2. In connection with the audit requirements addressed in Part II, paragraph 1, the COUNTY shall ensure that the audit complies with the requirements of Section 215.97(7), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2)(e), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (non-profit and for-profit organizations), Rules of the Auditor General.

3. If the COUNTY expends less than \$500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. However, if the COUNTY elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the nonstate entity's resources (i.e., the cost of such an audit must be paid from COUNTY resources obtained from other than State entities).

4. State awards are to be identified using the Catalog of State Financial Assistance (CSFA) title and number, award number and year, and name of the state agency awarding it.

PART III: OTHER AUDIT REQUIREMENTS

The COUNTY shall follow up and take corrective action on audit findings. Preparation of a summary schedule of prior year audit findings, including corrective action and current status of the audit findings is required. Current year audit findings require corrective action and status of findings.

Records related to unresolved audit findings, appeals, or litigation shall be retained until the action is completed or the dispute is resolved. Access to Project records and audit work papers shall be given to the DEPARTMENT, the Department of Financial Services, and the Auditor General. This section does not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of state financial assistance or limit the authority of any other state official.

County Road 673 is an existing County-maintained two-lane roadway with eleven and a half foot (11.5') lane widths. County Road 673 starts at US 301 and continues west to I-75 where it joins County Road 476B. The existing roadway is in poor condition, mostly due to the truck traffic it receives from the local Lime rock Mine delivery trucks accessing I-75.

Rehabilitation of County Road 673:

Sumter County is proposing to rehabilitate County Road 673 by widening the existing substandard lane width to twelve foot (12') travel lanes, two foot (2') paved shoulders and improve clear zone recovery areas within existing limited right-of-way. The proposed County Road 673 roadway pavement section will include two and a half foot (2.5') widening on each side with Lime rock, 13.5" depth and completely overlaid with 160#/square yard open graded stress relief asphalt course, and capped with 1.5" FC 12.5 Asphalt Surface Course. Thermoplastic Striping and Maintenance of Traffic will be provided in accordance with FDOT Standards. Please refer to the attached County Road 673 Typical Road Section that indicates the basis for our design project. We propose road work to start at US 301 and continue 4,500 linear feet west, being considered the first phase of the project.

The parties hereto acknowledge and agree that the design plans for this Project are not yet complete and are subject to review by the DEPARTMENT. Upon final approval by the DEPARTMENT, this Agreement shall be amended to include said plans in the agreement. The parties further agree that the plans will be incorporated into the terms of this Agreement by reference and that the COUNTY hereby approves and delegates to _____ the authority to enter into an amendment of this agreement to accomplish said task. No further Board or Council action shall be required to amend this agreement for the sole purpose of incorporating the plans.
